

Silent Auction Guide

Welcome to the 6th Annual Orbital Gala! Once again, this year's Gala features the fun and excitement of a Silent Auction. We hope you enjoy the evening and all the festivities as we join together in supporting the Academy Foundation. This guide provides an overview of the auction process and the items available for bidding.

The Auction opens at 6:00 pm and runs through the Gala's reception. There are several sections, each with a different closing time — please ensure your bids are in prior to the time indicated on the table. In fairness to all, no bids will be accepted after a section closes. All minimum bids and bid increments will be clearly marked on each item at the time of auction. An addendum of last minute additions to the auction will be included in this guide at the Gala. Please ensure the following are completed:

- ★ All bids must include clearly printed bidder number and amount.
- ★ A valid bid must be equal to or greater than the listed "increment" amount located at the top of each bid sheet.
- ★ Auction items will be awarded to the highest bidder.
All illegible bids will be disregarded.
- ★ Silent Auction winners must pick up items at CHECK OUT upon completion of the Gala program. Accepted payments include cash, check, VISA, MasterCard, AMEX and Discover.

All proceeds directly benefit the Academy Foundation, except for the historical artifacts— these proceeds will be used toward the acquisition of new Museum of Vision collections. *

Thank you for your ongoing support of the Academy Foundation!
